

Year 6

Another industrious week in year 6! We have started a unit of work on journalistic writing. As part of this we have found the features of newspaper articles and explored the difference between biased and balanced articles. We will continue with this unit and work towards writing our own newspaper reports. In maths children have been working on a variety of topics such as: multiplication and division, fractions, prime factors and properties shape.

I would like to remind you that correct school uniform should be worn. We have noticed that a number of children have been wearing hooded tops and unsuitable shoes. Please ensure children wear black shoes and a school jumper. Please also ensure that girls' skirts are of an appropriate length for primary school (knee length).

Thank you for your co operation and on going support. The Year 6 Team.
