

ASP

This week children from the Year 1 provision went on a school trip to support this term's topic "Transport". The children had a fantastic time riding on the Emirates Air Line cable cars which cross above the River Thames between Greenwich Peninsula and the Royal Docks. They followed this with a cruise on the river Thames from North Greenwich to London Bridge on the Thames Clipper.

The children from the Provision had their lunch in City Hall where they were lucky to have a photograph opportunity with Boris Johnson, Mayor of London. The children had an amazing time enjoying the many sites of London using a variety of Transport methods.
