

Year 6

It's been another busy week in year 6. We have been exploring philosophy as part of our Ancient Greece topic. Children have shown lots of insight and deep thinking - good work. In maths we have been taking part in a variety of activities, many of which have involved practical application of maths. The children have enjoyed learning by 'doing' and the outcomes have been encouraging. We have begun a unit on biographies for literacy and children have created fictional characters to write a biography about before carrying out some research next week on an inspirational person to write another biography about.

Thank you to all of the parents/carers who made it along to their parent meetings this week - it was great to meet up with you all and discuss the children's progress. If you didn't make it along, please catch up with the class teacher and make another appointment.
