

Year 1 Maths Long Term Overview Scheme 3.0

Rationale

This overview is designed to run alongside the White Rose Schemes of Learning (Version 3.0) found [here](#). The small steps within White Rose are not necessarily designed to cover one lesson so some may be repeated which can be used to consolidate concepts or allow children greater access to reasoning and problem solving. This is particularly evident in the Y1 schemes. The lessons that are linked to the [DFE ready to progress criteria](#) are identified with a reference such as **(NPV-1)**, teachers can use these to refer to the document for additional planning support. Due to differing term lengths, these overviews do not directly match those on White Rose. For instance, some units are started earlier in the term or the term before, but they all correlate with the schemes of learning.

Vocabulary

There are also two vocabulary rows on the document, which show the subject specific vocabulary that needs to be introduced or re-introduced as part of the unit as well as what should have been covered in the previous year group. It is essential that teachers refer to previous year's vocabulary especially if children are not secure. If children are still struggling to define certain pieces of vocabulary, teachers should be encouraged to reintroduce them. Whole school vocabulary progression documents are within the Maths area on ReachIn and this language is also present on the accompanying knowledge organisers.

Consolidation/revisiting

The consolidation row has been removed from the most recent overviews as we suggest that the White Rose 'Flashback 4s' are used to revisit and consolidate learning as they reduce workload for teachers and comprehensively revisit taught content. If you chose not to use these, teachers should be encouraged to spend half the week looking at the previous year's small steps before teaching a unit and revisit them briefly. For the other half, they'd be encouraged to revisit learning they've done during the current year.

Also, the new White Rose schemes have removed the explicit recap sessions, however the beginning of the units include steps from the previous year to ensure children have the required knowledge to access new learning.

Assessment/Consolidation Weeks

The end of unit assessments have been left in, these can be taken from the previous years' resources as they will broadly match the topic being taught. Finally, within the plans there are also assessment/consolidation weeks which have been put in to revisit topics children struggled with or as buffers for if and when units overrun to accommodate assessments, trips, productions etc. These documents are also fully editable so topics or assessment weeks can be moved around or lengthened if necessary and to accommodate different term lengths. The term lengths are kept as seven weeks for the two autumn half terms and summer 2 and six for the rest. However, they can be adapted to meet differing term lengths

Maths Long-term overview Year 1

Autumn 1	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7
Units	Number: Place Value (Within 10)	Number: Place Value (Within 10)	Number: Place Value (Within 10)	Number: Place Value (Within 10)	Number: Addition and subtraction (Within 10)	Number: Addition and subtraction (Within 10)	Number: Addition and subtraction (Within 10)
Lesson objectives (Small steps)	1) Sorting objects (NPV-1) 2) Count Objects (NPV-1) 3) Count objects from a larger group (NPV-1)	4) Represent objects (NPV-1) 5) Represent numbers as words (NPV-1) 6) Count on from any number (NPV-1)	7) 1 more (NPV-1) 8) Count backwards within 10 (NPV-1) 9) 1 less (NPV-1) 10) Compare groups by matching (NPV-2)	11) Fewer, more, same (NPV-2) 12) Less than, greater than, equal to 13) Compare numbers (NPV-2) 14) Order objects and numbers (NPV-2) 15) The number line (NPV-2) 16) End of unit assessment	1) Introducing parts and wholes (AS-1) 2) Part-whole model (AS-1) 3) Write number sentences (AS-1) Calculation policy: Concrete – use cubes Pictorial – part - part whole model Abstract – number sentences	4) Fact families – addition facts (NF-1, AS-2) 5) Number bonds within 10 (NF-1, AS-1) 6) Systematic number bonds within 10 (NF-1, AS-1) 7) Numbers bonds to 10 (NF-1, AS-1) Calculation policy: Concrete – use cubes Pictorial – part - part whole model Abstract – number sentences	8) Addition – add together (NF-1, AS-2) 9) Addition – add more (NF-1, AS-2) 10) Addition problems (NF-1, AS-2) Calculation policy: Concrete – bead strings Pictorial – number line Abstract – count on in head
