Year 2 Homework

Autumn 2

Dear children and adults,
This term's homework is led by our creative curriculum in an effort to develop your own preferred learning style and methods of presentation; to become more independent learners; improve your research and communication skills and engage your whole family in the experience of school. You will be given several questions to research the answer to each half term. We expect all homework to be of a high standard. We expect it to show effort, pride and time taken and that it is given a high profile from you at home too. We also expect it to be done and handed in on the date due.

READING

You should be reading at home every day for 10 minutes. You have a class reading record in school to sign for when you have read. Keep your reading book in your book bag and bring it to school every day.

NUMERACY

You need to practice the 2-, 5- and 10- times tables facts every night. Remember to learn the corresponding division facts as well as the multiplication facts.

Key Vocabulary

Do you know what these mean and how to write them?

balanced diet
carnivore
herbivore
omnivore
texture
collage
temperate
polar
tropical
bullying
tolerance
respect
evidence
source

Make a glossary of these key words.

SPELLING

Each week you will be given a list of words to spell. Please learn these as we will be checking the following week.

Remember you can answer your questions in whichever way you wish such as posters, artwork, movies, written poems, stories and PowerPoints. We look forward to seeing your final projects!

YEAR GROUP 2

DATE SET

Friday 13th November 2026

DATE DUE

Friday 18th December 2026

Homework Questions for Year 2: Autumn 2

Notes	PSHE
Week 1 w/b 16th November 	Spread Kindness World Kindness Day is on 13th November. In Year 2 we think there needs to be more kindness in the world! Make a card and write a note for someone you care about. It could be for your parent, sibling, friend, auntie, teacher or your dentist. Write them a note saying something kind about them. Make your card colourful and watch the big smile spread across their face. How does it make you feel?
	Geography
Week 2 w/b 23rd November 	Weather Reporter Have you ever watched a weather reporter? They report about what the weather is going to be like for the week. They talk about the temperature and what the weather conditions are going to be like. You are going to become a weather reporter this week. You can either record yourself doing the weather report for the week, draw a map of the UK and add different weather features or write your own weather report.
Notes	**Science**
Week 3 w/b 30th November 	Menu for the Zoo If you were to become a zookeeper and feed an animal, what would you feed them? Create a menu for either a herbivore, omnivore or carnivore animal that you would find in the zoo. What are they going to have for starter, main course, and desert? Think carefully about what foods they eat and be creative in designing your menu.
Notes	**Sustainability: Recycle, Reuse and Reduce**
Week 4 w/b 7th December 	Superhero Who Saves the World Can you become a superhero and save the world by recycling, reusing, and reducing? Can you create a superhero that saves the world in another way? Maybe your superhero saves the world by spreading kindness or by protecting an endangered animal. Draw your superhero and write a story or create a comic strip of how your superhero saved the world.
Notes	**History**
Week 5 w/b 14th December 	Schools in the Future We have been learning about schools from the past and comparing them to the present. What do you think school will be like in the future? Can you design a futuristic classroom? What will it look like? Will we still be using interactive whiteboards or will we be using something new? Be creative and make it fun!
