Case Study: Junaid - Year 3 Multiskills

The Sports Premium has paid for a coach Gary Beckford to run an early morning Year 3 Multiskills Club. The aim of the club is to improve pupils PE skills and fitness levels, as well as helping with concentration and behavior at the club and in class.

Gary Beckford has noticed a huge improvement in listening skills and behavior. In particular Junaid, who struggled initially to follow his instructions, is now one of the more confident members of the club and often helps others. Junaid's teacher Lucy Wylde has noticed that on a Thursday, after the multiskills club, he is more focused and enthusiastic in class.
