

## Year 1

Beep! Beep! This week in Year 1 we have started our new and exciting topic 'Are we there yet?' which is based on transport and journeys.

We have been working together to create our classroom environments, which include a travel agents, airport check in desk, London buses and a toy town!

In history we have been learning about transport from the past and comparing it to transport today. We have also investigated how we travel to school and we used tallies to record this information.

Please don't forget about our school trip to the Emirates Airline and London Clipper on 19th, 20th & 21st November. Reply slips and contributions need to be returned/made by Friday 14th November.
