

Year 1

This week in Year 1 we have been learning about non-fiction texts. We looked at front covers, contents pages and indexes. We worked as a team to sort books in to fiction and non-fiction and we sorted words in to alphabetical order.

In maths we have been learning about measures. We have had the opportunity to use lots of mathematical vocabulary such as heavier, lighter, longer, shorter, half full and full when investigating length, weight and capacity.

In history we have been comparing cars from past and present. We were very excited to learn about the Bremer Car as it was built so close to our school! We drew the Bremer car and a modern day car before describing and comparing them.
