AUTUMN TERM 2

Welcome back to Year 2!

We hope you have had a lovely half term and are as excited as we are to start the new term. Here is an overview of what your child will be learning this half term.

SCIENCE

This half term, we are learning about animals including humans. We will be learning about what animals and humans need to survive and focusing on what helps humans to stay healthy.

Geography

In Geography this half term, we are studying maps and will be learning all about the continents of the world. Children will have the opportunity to look at different sources of information including maps, atlases, satellite images and globes.

Art

This term, our Art lessons focus on the incredible art of Giorgio Morandi. We will be exploring his still life paintings looking at colour and tone. We will be mixing our own colours to make different shades and tones to paint with.

RELIGIOUS EDUCATION

In RE we are going to be learning about Christianity.

We will be discussing the Christmas story and its importance to Christians around the world as we approach the festive season.

MUSIC

This term we will be looking at patterns and exploring beat!

PSHE

We will be turning our attention to celebrating differences in PSHE this half term.

We will look at what makes us unique and what makes us united. Our lessons will look at understanding what bullying is and how to stand up for ourselves. We will also look at how to make new friends.

P.E Day

P.E will be taught on a Tuesday every week.

Please make sure your child comes to school in their correct P.E kit on their allocated day.

This is particularly important as the weather gets colder. P.E takes place outside (weather permitting)

We hope you find these topics as fascinating as we do here in Year 2. Remember that we teachers love to hear about any extra learning you have completed at home about these subjects!
