Learning Council

Agenda: Promoting Maths across the School

Date: 27.11.15

Agenda Item	Discussion	Who/When
Promoting learning basic facts and number bonds across the school.	<p>The learning council discussed the ways they have learnt their basic facts and times tables- they also discussed which ways worked better for them.</p> <p>LC brainstormed ways in which they felt pupils might learn better in a fun way – thinking about the whole school.</p> <p>As a group they then voted in the best 6 – and pupils designed a survey for the school – several children also designed posters to be displayed in each class – outlining what the learning council have been discussing.</p>	Pupils from each year group will present to each class the LC ideas and create a tally chart – they will bring back the children’s responses to the next meeting.
AOB	<p>Pupils completed their Learning Council Posters – outlining their three priorities</p> <ul style="list-style-type: none">Promoting 7 Life values/British ValuesPromoting Maths in schoolPromoting books – 1. Presentation / Feedback
