

Year 4

As part of anti-bullying week, children have been learning about the different types of bullying and how to help a child who is being bullied. They looked at different scenarios and discussed how each issue could be solved. They also looked at different heroes with a focus on Gandhi who was an inspiration to people from India.

In Literacy this week children continued to read myths and tales from India. They interviewed characters and made predications. Next week, children will begin planning and writing their own stories, based on those we have been reading linked to our studies about India.

In Maths, they will be reading scales and measuring weight, length and capacity – so if you can involve your child in activities that involve these (baking, measuring for carpets or furniture, seeing how tall they have grown) that would be a great help, thank you.

Thank you to everybody who dressed up and supported the school in raising money for Children in Need.
