

## Year 5

Another exciting week for children in Year 5. 5B visited Sky Studios this week. We will be uploading their work onto the website along with the work produced by 5H and 5S shortly.

A quick reminder – Homework projects are due back on Tuesday 21<sup>st</sup> October 2014 completed. Children will be presenting their homework and prizes will be given for the children who have made the best efforts.

Children need to read at home for 10-15 minutes daily. Please sign their reading logs. You may also notice a guided reading stamp in their log. This shows that your child was reading with the class teacher. Please encourage your child to change their book once they have finished.
